H.I.M. PRAYER LIST

Updated 10/17/18

Sister Michaela Tierney

Please can we prayer for my gran please who is 72years old, she is in hospital with possible pneumonia, doctors are running more tests as they suspect maybe something else is not quite so right... on the weekend my gran came to stay with me and we was out in the cold early one morning walking along wet grass, and my gran did not have the right shoes so her feet got very wet! It was windy too. So I'm feeling bad for putting her through that as I should know better... please pray for her my dear brothers and sisters... love you all

Sister Diane:

Please put me on the prayer list that Yahovah helps me curb my appetite. To learn to deny myself and not just eat for comfort, or habit.

Sister Rosanna:

Sister Rosanna's dog Cassie who was with us during our 2018 Sukkot gathering was killed, and this has greatly effected our beloved sister Rosanna. Please pray for her comfort during this time of her loss.

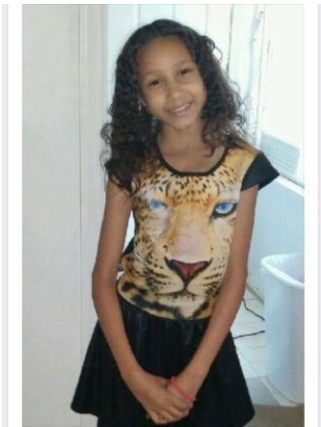

Pastor Velain and Family:

Pastor Velain and his wife and daughter have no health insurance, and are desperately looking for affordable coverage. Medical bills are coming in faster than they can possibly be paid, but there is just no money at the end of the month to cover them without some kind of medical insurance. Please be in prayer over this situation. The ministry must move forward at all costs, but the Pastor and his family are in great need at the moment. Yahovah bless and keep us all, and may his will be done.

Sister Nicole Brooks: Shalom Brethren:

So sorry to bother you with this during Sukkot. But, I just got word this evening that my oldest grandchild had emergency open heart surgery. She is now in ICU recovering. Please pray for her full and complete recovery. Her name is Nina. Thank you, so much.

Even though the enemy is busy, we are still rejoicing this week. Here is a picture of our Nina. I really appreciate your prayers. Blessings to all of you!

UPDATE 9/27/18:

Shalom Brethren:

My granddaughter has been in the NICU since yesterday morning and will probably be there a few more days. They have her heavily sedated, of course. She opened up her eyes, today.

HalleluYah! Let's keep praying, please. Thank you, so much! 🙏🙏🙏🙏🙏🙏

Dale Banks: I want to ask for pray for me and my wife and my son and to other families who for the last 3 years have been living every parents nightmare come true. My son and 8 other children were molested by their bus aid. The man who committed this crime chose these kids because they were special needs children and almost non verbal my son could not talk when this was going on when he was 3 he got caught with my son I dont want to go into detail of what he did but my son had only been going to school about a month and this was going on from the beginning of school. We have a meeting next month to settle the matter with the bus companies insurance company.

My wife and I are going to also go after the company also not just insurance company. We may be even going to the states Attorney General because my wife and I believe the company was also criminally liable Weather we are also suing the Company itself. I will be sending an article you understand why The 8 other families have a class action suit and are not able to go after them we have have our own attorney and we are able not only to get from the insurance company but also go after the company itself for what they allowed to happen.

If you understand the difference between class action and using a outside attorney. Class action the attorneys make the money and with a private we are able to make sure our son is taken care of for the rest of his life they destroyed his life I believe they should pay for his care. We are homeschooling him and have been from the time this happened. When you read this article you will understand why we are doing this. This was out right gross negligence on the companies

part.

ALPENA – A group of children and their families have filed a class-action lawsuit against Thunder Bay Transportation Authority, Prell’s Services, and Andrew Bartz, a former bus assistant convicted in 2016 of sexually assaulted multiple children over a two-year span. The suit stems from assaults committed by Bartz from 2014 through October 13, 2015. Thunder Bay Transportation Authority Board Vice President Adam Poll said TBTA will not comment on the lawsuit and will continue to provide its best services going forward. An original complaint was filed against the defendants on Aug. 5, 2016, alleging that Bartz was sexually abusing students on the TBTA buses.

Bartz was hired as a bus assistant through Prell’s, TBTA’s third- party contractor. The complaint claims that no background check was done on Bartz prior to his employment and that, had one been performed, the check would have revealed Bartz had a prior investigation of improper sexual conduct with a minor.

The complaint alleged Bartz sexually assaulted the named plaintiffs. It also stated that parents of students riding the buses had told the defendants of the abuse, but the defendants failed to take action.

The complaint also states that security cameras on the buses were not working and the defendants made no effort to fix the cameras. The complaint went on to say TBTA and Prell’s officials ignored a policy of reviewing tapes. If they had reviewed the footage, they would have seen the alleged abuse, the suit claims.

Bartz admitted to molestation at his sentencing hearing in December 2016.

“I did the only honorable thing to do, I confessed and gave these children a chance,” he told the court. “There is no excuse for what I did. I do know that what I did was wrong.”

Bartz was sentenced to 20 to 30 years on three first-degree criminal sexual conduct counts and 10 to 15 years on a second-degree criminal sexual conduct count.

The Alpena-Montmorency-Alcona Educational Service District, which serves special-needs children, had contracted with the TBTA for bus services at the time. That contract ended in May and a new contract with Dean Transportation took effect this month.

Superintendent Scott Reynolds said during Thursday’s Board of Education meeting that he has been subpoenaed to give a deposition in the lawsuit. He could not be reached Friday to answer follow-up questions.

The AMA ESD is not listed as a defendant in the case.

UPDATE 9/5/18:

Tuliah's nan - Sarah, sadly went to sleep early hours this morning. I've just found out.

Thank you to you and everyone for your continued prayers and all your support. Love you all dearly ♡. This was the message sister Michaela shared with me on Facebook messenger brothers and sisters! Continue to keep the family in your prayers please!

Brother Russell Loyd:

Hello,

You do not know me, yet I stumbled upon your ministry on YouTube and have watched most of your videos. I thank God for what you, and others, do.

My name is Russell and I am in need of prayers, please. Badly. From anyone who is a true follower of the God of Israel. I have no family, nor friends or acquaintences. I have been homeless, and penniless, for years upon years. I have never had a real home of my own since I was about thirteen. I haven't seen my family since then, either. (hence why I say I have none) I am tired. Emotionally, physically, and spiritually, exhausted. I wander this world spreading His gospel and being hated by all that do not love Him that is He. I search and search for a career, yet I only seem to land jobs working for evil men who only want to use me for my skills and because they know I have nowhere else to turn to. The last guy I worked for spent over 100k of his dad's money on prostitutes last year, and this year 200k, yet he paid me a little under 1300 a month for a year. And I wasn't even paid, he just paid my rent (as I've just got an apartment about three months ago) and for my food. He had me sleeping on his office floor, band bathing

in the office sink for about eight months. Yet I was on call 24/7, minus the Sabbath, to which he'd always try to get me to work that day as well.

I do not know exactly God's will for my life, for everything I try gets shut down. I do not know what to do and don't want to roam the streets again. I was raised in an evil and very powerful family in the midwest. My grandfather owns three companies and told my uncle to give me a job, yet my uncle refuses, and refuses to even speak with me. My family is full of well-to-do people who don't believe in helping anyone get a start in life, although they all got their careers and lifestyles from my grandfather. Nothing was earned, just handed over to them. I have been everywhere trying to start a career, yet to no avail. I even sold all I had, or gave away, and relocated to Trinidad and Tobago in the Caribbean to start a new life. I basically got kicked out of that place because I preach God's Word and no modern day self-proclaimed christian wants to hear God's Truths.

I could go on and on for years, telling all of my life, yet I am not a typist, so I'll just leave it as I have lived a crazy and wild life, and in 2010 I gave that up and have been living for God and His Son ever since. And since I've been doing that, nothing ever works. God has shown up and done amazing things in my life countless times. I mean truly amazing things. ie. asking the Holy Spirit which way to turn on my way home, it tells me, so I turn where it says (opposite of the direction of my place at the time) and less than a mile down the road is a drunk Hispanic man walking down the county highway with his eight year old son in his arms covered in blood. Or the same thing happened and this time there was a 15 year old girl trapped under an 840lb motorcycle in the ditch. I broke six teeth and dislocated my jaw picking that bike up and holding it so someone could pull her out from under it. And so on and so on. Really, I could talk for a long time about tons more instances like these.

So I just ask for y'all's prayers, for God's will to be done in my life and for me to find some type of career, if I'm supposed to have one, and soon.

If you wish to contact me, my number is (903)504-4071 and it should still be on for at least a week or more, Lord willing.

Thank you for your time and prayers and may the Good of Israel bless you and yours.

Sister Anita Coleman:

Dear Brothers and Sisters,

Please pray for my son-in-law's 12 year old niece, Jenny Chiarillo (daughter of Paul and Diana Chiarillo). AT 5:30 AM my daughter informed me that she has been 'rushed' to Florida Hospital (about 60 miles away, in Orlando) for acute appendicitis.

Thank you so much,

Sister Pauline:

I have just heard that my ex-husband Oswald 'Ossie' Brown, has been admitted to hospital on Monday, suffering from a stomach aneurysm and swelling of a main artery (*this aneurysm caused him to have a stroke earlier this year and he refused an operation*). I called the hospital and spoke with one of the nurses on duty who informed me he's not doing well and will be in for a while.

We don't live in the same area, so I'm about to travel to visit him now.

Please add him to the Prayer List for a supernatural healing in the Name and Blood of our Saviour Yeshua. He is a believer (SDA) and needs prayers.

With sincere thanks and abundant blessings,

UPDATE: 9/1/18**Sister Pauline:**

I just wanted to give an update on my ex-husband - Ossie's condition after seeing him yesterday afternoon.

He has not been given a favourable prognosis (in the surgeon's opinion); he has been told that the abdominal aortic aneurysm had grown 2cms more in less than a year and surgically, there is a 50/50 chance of success in his case. I did question, quietly to myself 'why are they relying on 'chance'? So of course, Ossie is feeling very fearful and I reminded him we have a higher Physician who does NOT rely on chances and His name is Jehovah! [Psalms 91}

Early this morning, I was moved to contact the hospital (this was before 7.00 am GMT) to enquire about his condition and was told by the attending nurse, that he had been and still was in great pain during the course of the night, his blood pressure had risen dangerously high and was trying to stabilise him. At the time of my call, the nurses were in the process of moving him to the CCU (critical care unit) for closer monitoring.

He may be my ex-husband and he may have wounded both myself and his son, emotionally, and as scripture has taught me, I never held any animosity towards him for his abandonment of us both and hardship to be in an adulterous relationship which resulted in another child outside the marriage and took a lot of abuse from his mistress at the time but never retaliated. I always cared for his welfare in literally every way possible and still do.

Please continue to pray for healing for him and I am trusting that Jehovah is not going to call him home yet.

UPDATE 9/8/18:

I also wanted to thank you and my brothers and sisters for your prayers for Ossie. His condition

has stabilised and not only has he been moved back to his former ward, but has been given his own room which has allowed him to have more restful nights as he wasn't sleeping well before.

Our Heavenly Father is truly in control. Praises to Him. His operation has been rescheduled 3 times as the doctor he is under, has been waiting for the availability of the hospital's specialist to carry out the operation and he only attends on Thursdays so he's scheduled for his op on the 13th . So, while he is out of the critical zone, his pain is still being managed with the use of morphine, but he remains in good spirits.

Thank you all again for your prayers and I will keep you posted on his progress.

Abundant blessings,

Sister Pauline Vÿ J

UPDATE: 9/22/18:

Just wanted to thank you and my mighty prayer warriors in the house - my brothers and sisters for all you prayers. J

Ossie is now off the critical list and has been moved to a regular ward despite having developed DVT over the past 2 days, for which he is being treated with a blood thinning drug but, he is now able to transfer to a chair (*with assistance*) to sit and healing very well. Praise Yahweh!! Amen!! The Wi-Fi connection is very poor in the hospital, but we're hoping to tune in again to this weeks' live broadcast as he was so amazed and truly thankful that people who didn't know him were praying for him (*also, I think I've got him hooked onto H.I.M!*) ha! Ha!

Bless you all and thank you again.

Abundant blessings,

Sister Pauline J

I wish he lived in Montreal he would come stay with me. I just can't loose him. Please tell everyone to pray without seasing he can't die. He's 49 years old but for me he's my little boy.

Please Heavenly Father hears our prayers. Thank you 🙏 for all your prayers. Love ❤️ you all. Praise Yahovah

Sister Lorraine:

I have an urgent prayer request. Could you please pray for healing within the body of Messiah? There is such a widespread epidemic of professing Christians who are so bent on attacking one another on about almost anything imaginable, whether it is not having the correct pronunciation of the Hebrew Tetragrammaton of "YHWH" or the correct pronunciation or spelling of HIS only begotten and beloved Son's Hebrew Name and the list goes on and on.

There are so many other secondary issues such as; the origin of the Nephilim, the book of Enoch, Flat Earth, etc, that have caused heated debates and much division within the body of Messiah, that the main focus of going into all the world and preach the gospel has been pushed aside to the trash heap. Meanwhile, thousands are perishing in major disasters and horrific persecutions of believers are presently happening all over the world, as we continue to bicker

and throw stones at one another. The enemy of souls has a big grin on his face and we wonder why Yahshua has not returned yet! His bride is definitely not ready!

Sister Vickie Freeman: I am asking that you will please add Tony Crouch to the list. Tony is having trouble with kidney stones. He is having surgery on Monday (7/30/18) to have them shocked and he is in a lot of pain. I want to add my son Jeff Thomas on the list for salvation.

I have been praying for years and tried talking to him but he refuses to hear anything about religion. I pray that someone will be sent to help him to turn to our Lord and to know Him as his only savior. I am also requesting prayer for my living conditions. I have several health problems one of which is COPD, I live in a duplex with no firewall between us.

My new neighbor that moved in smokes in her apartment which is against the rules but the rules are not being enforced. I am trying to find a smoke-free community to move into. I am on a fixed income and I am trying to sell some household items to get the money to move with. The main problem is finding a place.

Sorry my prayer list is so long but it feels like a weight has been lifted from me. I pray and I know God hears me but I also believe you can never have enough prayers. I pray for you and the ministry to grow and reach as many people as possible with the truth in the word of God.

Brother John Cope: I would like to be put on the prayer list. My wife and I have separated and plan on getting a divorce. I love my wife and do not want this to happen and I know it will without prayer and Yahovah's guidance. Please pray for this marriage, and for our beloved brother John.

Brother James:

Brother James father just opened his eyes yesterday and heard his sons voice and wept. This is a good sign. Please continue to pray for the James family!

Rosemary Bryant: For Brother Tim and Sister April Bryant for their Marriage (Separation)
Now in counseling!

UPDATE 12/14/17: April and their 10 children are still living in Ohio 6 hours away from their home in P.A. April wants Tim to return to the Baptist church and it's denominational beliefs. Continued prayers are needed for truth and wisdom to prevail!

UPDATE 2/10/18: Tim and April Bryant are finally meeting with their marriage counselor on Feb. 12th and 13th. This unresolved relationship has been especially hard on the 5 younger children.

UPDATE 4/17/18: Tim's wife April are back home with Tim in Pa, however the situation is worse than ever. There is a demonically inspired rift that is working with in this family and it is effecting all involved including their 7 children. Please pray, that this evil is rebuked from this family.

UPDATE 5/7/18: Tim and April are continuing to try and work things out. Tim is seeking council with Pastor Donnelly, and needs our prayers for healing of this marriage.

UPDATE 5/21/18: Our son, Tim, and his wife, April, have another counseling session today with Pastor Griffith. April wants Tim to move out of the house.

She still does not allow us to see the children or Tim. She won't even let the children see Tim's 90 year old grandmother. (He contacts our daughter occasionally and she relays information to us.) He has tried to please her, but nothing makes her happy.

The 5 younger children are so happy to be with Tim. They had been sick and he took care of them. They all want him to put them to bed at night. The more they love him the worse she gets.

Thank you for your prayers.
We continue to keep you and your ministry in our prayers.

Shalom,
Tim and Rosemary Bryant

UPDATE 5/30/18:

Please pray for Caleb Bryant, 7 1/2 year old son of Tim and April Bryant. He rolled a 4 wheeler and is at the hospital now with a twisted pelvis and a broken femur. Possible surgery tomorrow or traction. Caleb has been begging to see us, but April refuses to allow us to see the children or our son.

Thank you for keeping Tim, April, and family in your prayers and now special prayers for Caleb. The home situation is not good.

In Yeshua,
Tim and Rosemary Bryant

UPDATE 6/4/18:

Surgery went well. Our grandson, Caleb, had split his upper femur in three pieces. The doctor put a pin in the lower part of the femur and he now has a traction cast from his right ankle to his chest. His left leg is free. He will need to have an x-ray in a week and another the following week. He will probably be in the cast for 10 weeks. Maybe after 5 weeks he will be able to walk with crutches. Please continue to keep him in your prayers.

Again we thank you for your prayers.

In Yeshua,
Tim and Rosemary Bryant

UPDATE 6/18/18:

We continue to ask prayer for Tim, April, and family. April still wants Tim to move out of the house. The other day she tried to physically hurt him. The counselor gave them homework which she is not doing. We have been fasting and praying that Yah will bind Satan and his demons and cast them out, replacing them with His spirits and making it a family that with honor and worship Yah. If you know anyone who would fast and pray for this situation please share this with them. The closer Tim draws to Yah and shares his beliefs with the counselors and others, the worse it is getting. What a spiritual battle!

Thank you so very much for your prayers,
We continue to keep you and your ministry in our prayers,
Tim and Rosemary

UPDATE 3/29/18:

Please pray for Caleb's surgery on July 5th to remove the pin from his femur. We are praying there is no infection and that his femur is healing properly.

UPDATE 7/19/18:

Dear Praying Friends,

We are meeting with Tim, April, and their counselor, David Donnelly, and maybe his wife, tomorrow night at 7:30. We would greatly appreciate your prayers for this meeting. It is in regards to April allowing us to see the children and maybe some other issues.

Thank you so very much for your concern and prayers,
May Yah continue to bless you all,
Tim and Rosemary Bryant

UPDATE 7/27/18:

Tim brought the children over and we all had a super great time. They came at 4 and stayed until 10. (They enjoyed bubble baths here so they could stay longer.) They actually came early so they could surprise us. They all were talking at the same time saying we missed you, we love you, as they were all trying to hug and kiss us and not let go. They also wanted to spend the night. Praying that time will come soon. Little Catherine also gave us hugs and kisses. She is 21 mos. and we have only seen her a few times, only once since she was 1 yr. Chelsea also came. She is 15 and the youngest of April's 5 children (he had adopted all 5 children 7 years ago). She was a little reserved at first, but was quickly back to her loving self. We had an exciting and fun and noisy time.

April has changed for the better since the counseling session. Praying she continues to change and that the whole family will come to Torah.

On Sunday they are going to Family Camp at Bill Rice Ranch in Murfreesboro TN. Please pray for Tim as he will be surrounded with men's traditions and doctrines. Men believing he is believing heresy.

Thanking you again for your prayers and concern.
Praying for you all too.
Shalom,
Tim and Rosemary Bryant

Thank you again for your many prayers and concern.

We continue to keep you all in our prayers.

May Yah bless you as you serve Him,

Tim and Rosemary

UPDATE 8/15/18:

Good morning Pastor Velain,

Please pray for Tim and April as they are having a counseling session with the Donnelly's at 1:15 today. We are praying that the counseling will be Biblical and also that they will decide when we can see the children again.

The older 3 girls have completed their one year Bible Institute course and have returned home. This will complicate the home situation as they do not respect nor even like him.

Thank you again for prayers.

Praying for Yah's blessings on His followers,
Tim and Rosemary

UPDATE 8/23/18:

Tim is meeting with David Donnelly tomorrow at 1:30 to discuss some Biblical topics. Please pray for wisdom for Tim and that God will work in Donnelly's heart and mind.

We still don't know when and if April is going to keep her word and let us see the children.

In Yeshua's precious name,
Tim and Rosemary Bryan

UPDATE 9/22/18:

Please pray for tim and April and their family. There is a tremendous spiritual battle going on. Tim is meeting with their counsler this Tuesday.

She does not understand Yehovah's ways. She is living in a motel next to a very abusive woman and she lives in constant fear. Also pray for strength for our family.

On a different note: I have been on crutches for two years because of an infection in my hip bone. I am looking at surgery but believing for a miracle before I go that route. I am only 58. I take many supplements and I only have pain when I step down too hard or move a certain way. I am also looking at stem cell therapy but this is expensive. I also battle lymphedema a condition caused by cancer treatments where my body can no longer remove lymphatic fluid from my left leg so my leg swells and I can get cellulitis infections from this which is what led to the hip condition...these infections are life threatening

Sister Anita Coleman: Willow Olivia Wilbourn was born by emergency C-section Monday past. She is tongue tied and will require a 'snip' this next week (expected to occur Wednesday

the 25th Apr). Please pray for the guiding of the hand of the doctor in this matter. Please pray for the grateful and proud first time new parents Nancy Nicholson and Tyler Wilbourne.

UPDATE 5/19/18:

Concerning Prayer Update for Willow Olivia Wilbourne. After her mommy took her for her first visit, the pediatrician says that the doctor'e 'overreacted' and that she will probably 'outgrow' the minor tongue tying. **PRAYER ANSWERED!**

The day after Willow's birth, we were informed that my son-in-law's (I live with him, my eldest daughter and their 2 younger boys) older brother, Paul Chiarillo, attempted suicide using pool chemicals. This was no 'cry for help', he intended to succeed. He is out of ICU as of Friday early evening (20 Apr) and physically 'stable'. His wife wants a divorce (they had been going to counseling) and now will not allow him to come home when he does leave the hospital. Please pray for both he and his wife Diana. My daughter and son-in-law have extended an offer to him to come stay with us when he gets out (he will need people around him). Please also pray for our family: Anita Coleman, Greg & Christina Chiarillo and their 2 sons Michael and Andrew Chiarillo that we can be of useful support in Paul's recovery.

UPDATE 5/19/18:

Concerning Paul Chiarillo (my son in law's brother, who is now staying with us). He wasn't able to get an appointment with an actual psychologist until the 24th (almost another full week) and hopefully they will set him up an appointment with their psychiatrist, so that depression he has has 'since 2011' can be worked on. His leg and burns have healed enough that the doctor is giving him a choice of plastic surgery, or 'letting it heal on its own'. He has been leaning towards letting it heal on its own. Thank you all for prying for him, and please keep him on the Prayer list.

Sabbath morning (21 Apr) I was informed that my youngest daughter's husband's sister (hence: other son-in-law's sister) had committed suicide. Please pray for Steven & Daphne Cook, both my daughter and her husband are very upset.

Thank you all

Bless Yahweh, he never gives us more than we CAN handle.

Sister Anita Coleman

UPDATE: Please pray for Paul and Diana's 3 girls which still live at home: Katie (age 21, Heather (age 18), and Jennie aged 11.

Thank you

Sister Anita

UPDATE 6/15/18:

Dear Brothers and Sisters,

I thought I would give an update as much as is possible concerning Paul Chiarillo (eldest daughter's brother in-law) and how his 'family life' may be also progressing (it is a bit difficult to not be considered 'nosy' when it comes to family affairs and psychologists, as I am sure you are aware).

Paul's leg burns from his attempted suicide still continue to heal nicely, and yes, he has decided to let it heal on its own and not go with the plastic surgeon.

His appointments with the psychiatrist and psychologist continue to occur. One of his 2 medications was changed this last week. They seem to be working for him.

Now, for the lovely part:) Even though he is still living with us, his wife mentioned to my daughter that she doesn't expect that he will still be living with us 6 months from now. They have been 'going out' to a league they are both in for the past several weeks; she comes and takes him to most all of his doctor appointments and visits with him (not just picking him up and dropping him off) and has continued to act 'wifely' in many ways, even selecting a picture to hang on the wall here in his private area and hanging it herself!.

Their three girls also continue several days a week to come over and visit with him, sometimes taking him out to dinner.
Thank you for your continued prayers.

Sister Anita

Sister Nicole: Prayer for sleep, good health and overcoming grief in a healthy manner-- I have been having trouble sleeping, lately. Apparently, as I have been told by my doctor and grief counselor, sleep deprivation can be a part of the grieving process and can happen at almost anytime during the process. I've been given clearance to have some time off work for awhile, in order to properly grieve and be able to get through the process, in a healthy manner.

We are working on the sleep issue. I need prayers to get some sleep and to be able to move forward in my life, in a healthy manner. Through Messiah, I will overcome this. It's just part of the process. The closer a person was to the person that passed away, the more difficult it can be and the longer it can take. My husband and I had a very good relationship. So, it's been quite a challenge. I can say that I have been noticing some improvement, over time, so I am getting there. Thankful for that. It was much worse, before now. Please keep praying.

Prayer for children--

I need prayer for all of my children (who are all adults) to learn to cope with the loss of their father and for them to overcome their grief, in a healthy manner, as well. I also pray for their salvation in Messiah Yeshua.

Prayer for my neighbor Rebecca--

Rebecca lost her husband of 68 years. She lives next door to me and will need prayer.

Prayer for a profitable home business--

Sister Darla: Korbin is a 15 years old friend of my granddaughters. Korbin has a brain tumor that is spreading, and is having seizures. He is at this time going through radiation therapy for 6 weeks, then he will be starting chemotherapy.

Gracie, my granddaughter is being tested for POT syndrome (POTS, postural orthostatic tachycardia syndrome).

Kathy, my sister has POT syndrome (POTS, postural orthostatic tachycardia syndrome) with tremors.

Donald, my dad, 4-16-2018 had part of his toe removed, because of infection due to being diabetic.

My nephew Colten, who is 3 was diagnosed last week with Type 1 Diabetes.

And myself, suffering from Rheumatoid Arthritis.

Thank you so much for your prayers.....

Your sister in Messiah

UPDATE 8/4/18:

My son Stephen seems to be doing well, and is no longer on suicide watch. Julie has completely recovered from pneumonia, and appears not to be having anymore problems with her spleen, and is doing well. My Dad has completely recovered from his toe amputation surgery, and is doing well also. My sister Kathy's symptoms with her Autonomic Dysfunction seems to be improving, but still takes medication to keep her tremors under control.

Little Colten seems to be able to take his shots for his type 1 diabetes without being terrified. But my Granddaughter Gracie on the other hand, her Autonomic Dysfunction symptoms have gotten worse. She is having severe chest pains. Korbin's health has deteriorated. His brain tumor has doubled in size. My personal friend Tammy has a broken back, and will be having surgery very soon to try and repair the area of the spine that is broken. She fell yesterday, and is in extrem pain. Lenny my neighbor is suffering from alcoholism.

Please keep our wonderful pastor, Pastor Scott Velain, and his Amazing growing ministry in your prayers. Pray for the peace of Jerusalem, the safety of Israel, and all our brothers and sister in Yeshua whom are being murdered, and persecuted around the world. Pray for our President, Donald Trump, that he stay in office for another term, so that the judgements that are coming to this country, the United States of America might be averted, if only our country would fall on it's knee's and repent. Pray for world leaders to find and seek Yahovah, the lost, that they except Yeshua and be saved, and those who are sick and suffering, that they may be healed. In the

name of our Messiah Yeshua, with his stripes and through the shedding of His precious blood.....

Sister Julia: Sister Julia writes: Brother Scott..I have some big changes in my life I am petitioning the Father for in prayer..please..pray for these changes to come within His will and authority to bring glory to Him and peace and continued holiness in my life under His precious authority.. May our Father bring the same to you and yours in the name of Yeshua the Messiah! Amen ..thank you brother Scott! The Father knows what I'm asking so I won't go in to detail...Yahovah blessings today and everyday.. Please share my prayer and petition as you can to bring about this much needed change in my life under the Father's authority.

Let us be in prayer over our Sister Julia for the answers that she seeks!

UPDATE 9/6/18:

Shalom Pastor V. It is with regret that I had to cancel coming to Sukkot 2018. I made reservations for Gracie, myself, and my sister Kathy. No sooner had I sent in our family reservation did both Gracie and my sister who have Autoimmune Dysfunction, both take a turn for the worse in their disease. (Kathy with her seizures and Gracie's with her blood pressure, which has pretty much put Gracie flat on her back.) We are having to Perdue home bound schooling for Gracie. I too came down with a virus, and not having an immune system, because of the biologic medication that I take for RA, am trying to recover from being sick. Gracie is so disappointed in not being able to come as am I, but I told her that I would talk to you, and some way some how we would make arrangements to make a special trip up to Ohio soon so that you could baptize her. Please keep us in your prayers. It seems that Satan's blitz attack came from all sides. But I have news for Satan, I still have all the things needed to Sukkot in my very own back yard. We may not be there in the physical, but will be there in heart and spirit via WYFI Internet. As Gracie would say "BOOM" Satan take that!

Your Sisters in Christ
